

## **CITY OF HAYWARD**

### **AGENDA REPORT**

AGENDA DATE 07/24/01

AGENDA ITEM 6

WORK SESSION ITEM \_\_\_\_\_

**TO:** Mayor and City Council

**FROM:** Director of Public Works

**SUBJECT:** Arterial Pavement Rehabilitation – Phase II: Approval of Addendum and Award of Contract

#### **RECOMMENDATION:**

It is recommended that the City Council approve the attached resolutions that:

1. Approve Addendum No. 1, which adds open-graded paving on Carlos Bee Boulevard;
2. Award the contract to Gallagher & Burk, Inc., of Oakland, California, in the amount of \$2,712,769, which includes the Base Bid and the Alternate B Bid.

#### **BACKGROUND:**

The project consists of deep-lift asphalt concrete spot repairs, grinding of existing pavement, and pavement overlays on Hesperian Boulevard from West "A" Street to Sleepy Hollow Avenue; on Industrial Boulevard from Clawiter Road to Tennyson Road; and on "A" Street from Hathaway Avenue to Montgomery Street. The addendum adds the placement of open-graded paving on the downhill curved portion of Carlos Bee Boulevard, west of Overlook Avenue, to improve roadway drainage and improve traction on the curved section.

The Base Bid includes all of the bid items except for the asphalt concrete-type alternates. Bid Alternate A was for Type A, the standard type of asphalt concrete for paving. Bid Alternate B was for Type G, rubberized asphalt concrete. The basis for award could be either Base Bid plus Bid Alternate A or Base Bid plus Bid Alternate B.

On May 22, 2001, the City Council approved plans and specifications for the subject project and called for bids to be received on July 10, 2001. Seven bids were received. The bids ranged from \$2,145,166.70 to \$2,926,947.10 for the Base Bid plus Bid Alternate A (standard asphalt concrete) and ranged from \$2,712,769.00 to \$3,572,437.90 for the Base Bid plus Bid Alternate B (rubberized asphalt concrete). For the Base Bid plus Bid Alternate A, Norman B. Hogue, Inc. submitted the low bid in the amount of \$2,145,166.70, which is 12 percent below the Engineer's Estimate of \$2,440,000. For the Base Bid plus Bid Alternate B, Gallagher & Burk, Inc. submitted the low bid in the amount of \$2,712,769, which is 25.5 percent below the Engineer's Estimate of \$3,640,000. Most of the bids reflect lower asphalt concrete prices than those that existed earlier this summer. Although the cost per ton for Type G (rubberized

asphalt concrete) was significantly decreased, the total price is still significantly higher (\$567,000) than the Type A asphalt concrete price. Since there are obvious environmental advantages in using rubberized asphalt, staff initially looked at the need for appropriating about \$233,000 of City funds to use rubberized asphalt. The federal funding amount is fixed and cannot be exceeded. However, in reviewing the bids, it was noted that there is the opportunity to slightly reduce the asphalt thickness from 2" to 1.7" and thereby have sufficient funding for the rubberized asphalt alternative. An identifiable benefit of rubberized asphalt is its ability to produce the same strength with a thinner layer of asphalt, as long as the minimum 1½" thickness is met. Our contracts allow reducing quantities as long as the decrease is less than 25 percent. Thus, staff recommends awarding the contract based on the Base Bid plus Alternative B, with the understanding that after award, the asphalt thickness will be revised and, thus, the budget amount will not be exceeded. In addition to productively reusing approximately 50,000 tires from the waste stream, use of rubberized asphalt on these arterials will also reduce tire noise by about five decibels.

The single Disadvantaged Business Enterprise (DBE) goal of 12 percent established for this federally funded project includes both Minority Business Enterprise (MBE) and Women Business Enterprise (WBE) participation. The establishment of the goal was based on staff's determination of the subcontracting opportunities available for the work. The low bid from Gallagher & Burk includes 9.9 percent participation. Review of the good-faith effort found that Gallagher & Burk selected specific items of the project that could be performed by DBEs and solicited bids for this work from known DBE subcontractors. Gallagher & Burk advertised for bids in several publications, sent letters of solicitation to known DBE subcontractors, and followed up with telephone calls to each of the subcontractors to facilitate DBE participation. Although Gallagher & Burk did not obtain the established goal, staff feels that they made a sufficient good-faith effort in accordance with the project requirements.

Staff recommends that the City Council award the contract to Gallagher & Burk and approve Addendum No. 1, which adds open-graded paving on Carlos Bee Boulevard.

#### **PROJECT COST:**

The estimated costs of the total project are as follows:

Construction Cost (after thickness reduction)	\$ 2,480,000
Design and Administration	65,000
Construction Inspection and Survey	80,000
Total Project Cost	\$ 2,625,000

#### **FUNDING:**

The approved 2001-02 Capital Improvement Program budget includes \$2,625,000 in the Street System Improvement Fund for this project. The City will be reimbursed 88.5 percent from federal funds.

#### **SCHEDULE:**

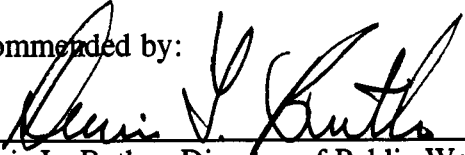

Award Contract	July 24, 2001
Begin Construction	August 20, 2001
Complete Construction	January 16, 2002

Prepared by:

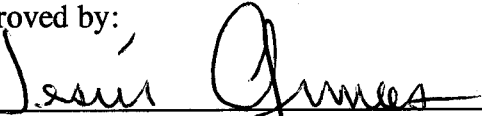

Robert A. Bauman, Deputy Director of Public Works

Recommended by:

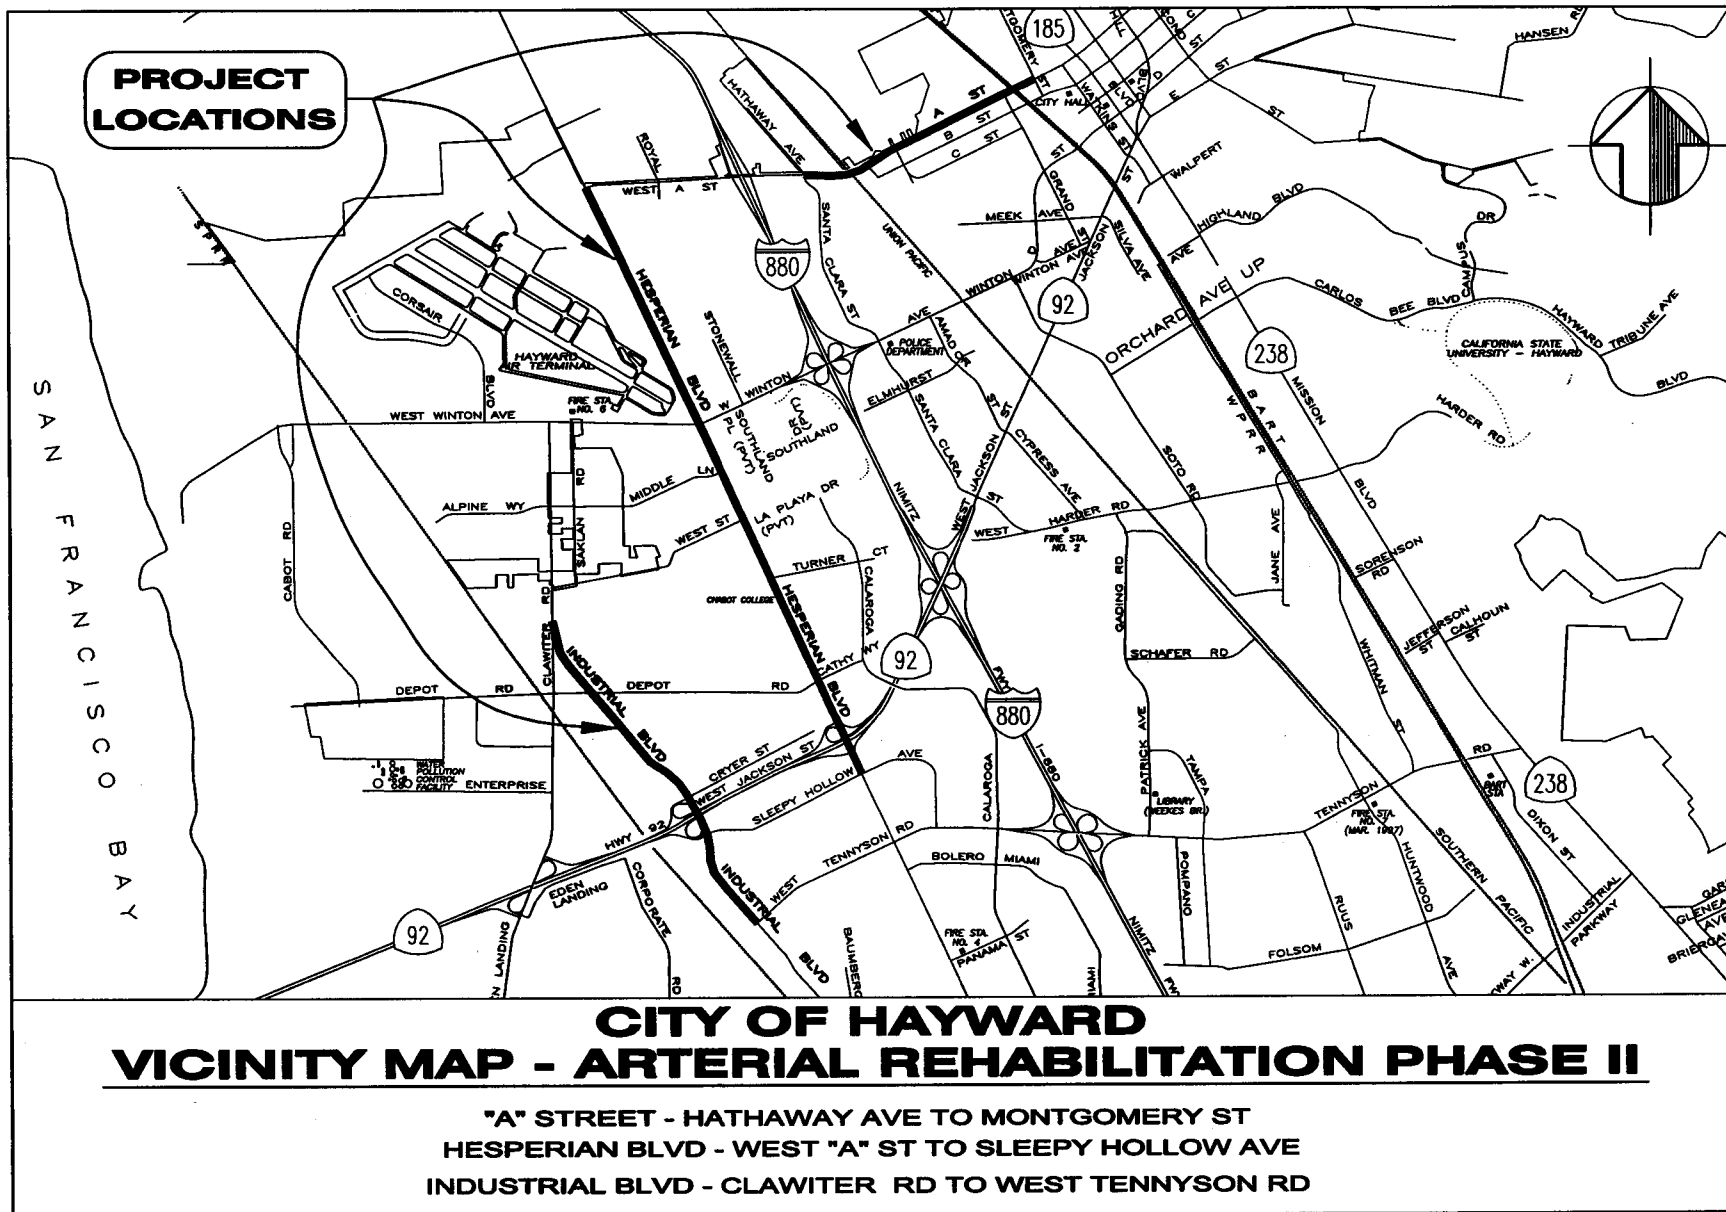

Dennis L. Butler, Director of Public Works

Approved by:

Jesús Armas, City Manager

HAYWARD CITY COUNCIL

RESOLUTION NO. \_\_\_\_\_

Introduced by Council Member \_\_\_\_\_

RESOLUTION APPROVING ADDENDUM NO. 1 AND  
AWARDING CONTRACT TO GALLAGHER & BURK, INC.,  
FOR THE ARTERIAL PAVEMENT REHABILITATION  
PHASE II PROJECT, PROJECT NO. 5150

WHEREAS, on May 22, 2001, the City Council approved the plans and specifications for the Arterial Pavement Rehabilitation - Phase II Project, Project No. 5150, and called for bids to be received on July 10, 2001; and

WHEREAS, the Bid consists of the Base Bid which includes all bid items except the asphalt concrete-type alternates, and the Alternate B Bid for Type G, rubberized asphalt concrete; and

WHEREAS, Addendum No. 1 adds the placement of open-graded paving on the downhill curved portion of Carlos Bee Boulevard to improve roadway drainage and traction on the curved section.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Hayward that Addendum No. 1 is hereby approved and adopted as part of the plans and specifications for the project.

BE IT FURTHER RESOLVED that Gallagher & Burk, Inc., is hereby awarded the contract for the Arterial Pavement Rehabilitation - Phase II Project, Project No. 5150, in accordance with the plans and specifications adopted therefor and on file in the office of the City Clerk of the City of Hayward at and for the price named and stated in the bid of the hereinabove specified bidder, and all other bids are hereby rejected.

BE IT FURTHER RESOLVED that the City Manager is hereby authorized and directed to execute an agreement for the award of the contract on behalf of the City of Hayward, in an amount not to exceed \$2,712,769, which includes the Base Bid and the Alternate B Bid, in a form to be approved by the City Attorney.
